CROWDS GATHER FOR HOMECOMING DAY

HOCKEY GAME FEATURE OF AFTERNOON

Earlham Women Meet Richmond Hockey Squad

TEAMS SHOW SKILL

The Richmond Hockey Club vs. Earlham eleven game will be played at 1:00 P. M., on Comstock Field. It seems that it has become a tradition that the hockey girls fight their annual Homecoming battle along with the football men.

Three years ago the Earlham team played the All-American eleven. In this game they played such a creditable brand of hockey that they were given the opportunity to clash with the All-English team on Homecoming day last year. Earlham has become outstanding among all middle western colleges for its superior grade of hockey.

The Earlham girls have been practicing faithfully under the guidance of Sarah Potts, who is Hockey Manager for this season. The squad is composed of B. Barton, M. Barton, Houseman, Holmes, H. Thomas, Stratton, Bunker, Sharpless, Spaulding, Lammott, Hires, Evans, Sudler, Nice, Spohn, Bell, Mary Kemper, Coblentz, McWilliams, Ashton, Piper, Rarrick, M. Catlin, C. Catlin, Cohill and Gaunt.

The Richmond team is managed by Kathryn Weber, '29. It is composed chiefly of ex-Earlham girls. The members of the club are Betty Coate, Kathryn Weber, Marianna Dudley, Gladys Johanning, Virginia Harris, Martha Commons, Georgia Healey, Mrs. Francis Robinson, Natalie Harding, Mrs. John Parker, Elizabeth Parker, Mabel Locher, Lucile Johnson, Berenice Burton, Mrs. Allen Campbell, and Helen Reifel.

This game will, in all probability occasion the organization of this club as a permanent factor of Richmond athletic life. This is another step in the rise of popularity of hockey as a sport of the middle west.

CLEVER TALK BY REV. SAYERS

Rev. William J. Sayers, pastor East Main Street Friend's Church, gave an extremely interesting chapel address Wednesday in the form of an analogy between life and an automobile.

In short, Rev. Sayers gave the following components as essential parts of what we might term our human machines: enthusiasm, confidence, persistence, poise, recreation, physical reserve, system, appearance and good will, with conscience as the steering wheel.

He said, "Too many of us are going nowhere after nothing and getting there ahead of time."

HALLOWE'EN PARTY PLANNED FOR NOV. 2

Announcement is made of the annual Hallowe'en party to be held November 2, in Carpenter Hall. Everyone is invited and all are asked to come masked. Remembering what a huge success these parties have been in the past, it can truly be said that this one will not fall short of previous records. Everybody out to "eat, drink, and be merry!"

CROSS COUNTRY RUN TAKES PLACE THIS AFTERNOON

Ionian Sponsors Athletic Event for Day of Homecoming

The annual Ionian Cross Country Run is to be one of the chief features of today's Homecoming program. The event is to take place between the halves of the Franklin-Earlham football game. Starting on Reid Field the runners face three and a half miles of hills to climb, fences to jump, and creeks to ford before they finish their final lap on the athletic field.

The prizes for which these men strive are a gold medal for first place, a silver one for the runner up, and a bronze medal for the third man. All of these trophies are presented by the Ionian Literary Society.

The winner of the race also receives one hundred points towards his intramural sweater. The man who captures second place receives fifty points and each participant gets twenty-five points.

A feature of this year's race is to be the dividing up of the entrants into three men teams. Close tab will be kept on the order in which all runners finish and the team with the lowest score will win twenty intramural points, the second team nineteen points, and so on according to the team totals.

Of the three men who placed last year only Routh is running today. Coffin, Colley, Cholerton, Kellum, Sherer, and Swallow are the upperclassmen who are expecting to take part besides a goodly number of Freshmen.

ROSSMEN TAKEN OVER BY DEPAUW IN GRID BATTLE

Earlhamites Play Real Football Despite Reverses of Fortune

PETERSON BREAKS ARM

The DePauw Tigers won their annual Old Gold Day grid classic by defeating the Earlham Fightin' Quakers 33-13.

The game was featured by long and brilliant runs and successful aerial attempts, while the defense on both sides was sadly lacking. The Tiger eleven showed a very efficient offense and skill in ball carrying. The secondary defense stopped the majority of plays.

Peterson, Earlham varsity halfback, was forced from the game late in the third period with a broken arm. The Maroon ball carrier received a very bad break slightly above the elbow. Peterson fumbled the ball and as he dived to recover it, his arm was caught under the pile-up. The break will keep the speedy halfback out of the game for

PLAY TO BE HELD TONIGHT IN GODDARD

"Happy-Go-Lucky" Promises To Be Splendid Production

PLAYWRIGHT IN AMERICA

Tonight in Goddard Auditorium the Mask and Mantle players will present their annual production, "Happy-Go-Lucky", an English play by Ian Hay. Members of the staff have been concentrating all their minutes on the play, and those critics privileged to be on the inside of the whole performance pronounce it splendid. Tonight, then, at eight o'clock, the following players will be seen in "Happy-Go-Lucky" under the direction of Mrs. H. R. Robinson:

Abel Mainwaring, M. P.....	Stanley Hamilton
Lady Marion Mainwaring.....	Marjorie Hunt
Sylvia Mainwaring.....Lucile Sudler	Richard Mainwaring.....
Lucius Welwyn.....Elmer Varnell	Mrs. Welwyn (nee Banks).....
Margaret Grant	Percy Welwyn.....Charles Peterson

UNIQUE PARTY OF DAY DODGERS GREAT SUCCESS

Characters Assemble to Tour the Torrid Zones

A mysterious caravan of shieks and shebas, sultans, dancing girls, Bedouans, Arabs, camels, traders, beggars, water carriers, villagers of Tunis, sailors (presumably on shore leave), desert pirates, Cook tourists, and guides assembled on the arid sands in the attic of Carpenter Hall Friday evening for a "Desert" party, planned by the Day Dodger Social Committee.

The attic was transformed into a realistic desert scene, an oasis with its palm and banana trees, pyramids, a throne upon which David Winburn as Sultan, reclined, and the tent of a fortune teller, where the famous Egyptian Cassandras (Clarissa Ahl) read palms for the amusement of the guests.

At one end of the desert was the tomb of Tutankahmen. Phil O'Neal, as an English guide, lead the tourists through to view an ancient Egyptian mummy (Margaret Kemper), a deadly snake and the sacred toad. Beneath brilliant awnings was the terrace of an Egyptian hotel where the guests played bridge and bunco.

Other features of the entertainment were a program of Oriental dances by Miss Helen Frances Kinert, and several vocal solos, including the "Desert Song" by Miss Evelyn Kemper.

Refreshments, including such desert food as figs, dates, bananas and "Egyptian wine" were served by vendors, appropriately garbed.

The committee in charge of this unique party, which was among the most successful of the social events on the college calendar this year was composed of Margaret Kemper, chairman, Herberta Bell, Mary Kemper, Philip O'Neal, Charles Swallow, and Frances Peacock.

WARD APPEGATE WINS NATIONAL PEACE CONTEST

1929 Graduate Is Winner of Seabury Prize

Ward Applegate, a member of last year's graduating class, has been awarded second place in the national peace contest. Representatives from 25 states participated in the contest which was sponsored by the Seabury Sisters of New Bedford, Mass.

Following the state contests the manuscripts of the winners of first and second places in each state were sent to the sponsors for final judgment. As winner of first place in the state contest, Mr. Applegate was awarded a prize of \$60. He also received \$40 for second place in the national contest.

Mr. Applegate is well known on the Earlham campus for his interest in forensics, having won the state peace oratorical contest and having been a member of the debating team.

During his college career he was pastor of the Centerville Friends Meeting, but is located at Kokomo at present.

MILLIKAN TO BE PRESIDENT OF FRESHMAN CLASS

Peacock, Woodard, Stevens and Morton, Other Officers

RECOMMENDED HIGHLY

In the annual Freshman Election held last Tuesday, Tom Millikan was chosen president, Elizabeth Peacock, vice-president, Ruth Stephen, secretary, Richard Woodard, treasurer, and Mary Morton, social chairman.

All the young people were actively prominent in high school activities and came to Earlham highly recommended.

Tom Millikan, from New Castle, Indiana, acted as president of his class last year. He was extremely active in school affairs, being a member of student senate, student government, and various public speaking organizations. His special interests in high school were debates, and last year he won second in the state oratorical contest.

Elizabeth Peacock comes from Richmond. Her prominence in Girl Reserve Work, School Social Committee, and especially Dramatic Arts work makes us welcome her to Earlham.

Ruth Stephen, from Moorestown, New Jersey, graduate of the Moorestown Friends' Academy was a member of various organizations in school and was especially active in hockey.

Richard Woodard, from Indianapolis, entrusted with the valuable possessions, the dues of the class, will adequately fill this responsible position, it is felt. Having had experience, it is felt.

(Continued on Page 4)

FRANKLIN IS SCHEDULED TO MEET QUAKERS

Baptists Come With Splendid Football Record This Season

TEAMS WELL MATCHED

The Fightin' Quakers meet an old rival in the undefeated Franklin eleven who have journeyed here today to uphold their unmarred string of victories when they come in contact with the Ross-coached aggregation. The contest is timed for two o'clock and the largest crowd of the season is expected to witness the skirmish between the two rivals.

Although Franklin came out the under dogs in last season's contest, the decisive victory over Muncie Normal and the 33-13 loss of the Quakers to DePauw last Saturday, gives the visitors high encouragement towards ruining Homecoming Day for the Earlhamites.

Coach Ross has sent his squad through a well-planned week of training. Due to the loss of Peterson, who was injured in last Saturday's game with DePauw and will be out for the remainder of the season, a change in lineup is necessary. Finch, giant tackle, has been given a tryout as ball carrier, replacing Peterson at half. The "big fellow" of the squad should be a thorn in the flesh of the Franklin representatives, and there will be no doubt that the husky will have a chance to display his wares in that contest. Kastetter and Bond are giving the big tackle a run for that berth as they are more experienced in the art of ball carrying. Parker, a scrapping guard, will probably fill the vacant position left by Finch by shifting L. Felix back to his former position of tackle. The wiry lineman saw a great deal of action in the DePauw game replacing Finch at guard.

Both teams, as a whole, are evenly matched as far as weight is concerned. Coach Butler, Franklin mentor,

(Continued on Page 4)

CAMERA CLUB IS ORGANIZED

The first Camera Club meeting took place last Monday. This is an activity which is new to the campus and it has already attracted a rather large group of followers. The time for meetings has not been definitely decided upon, although meetings will be held every other week.

The aim of the club is to make fine pictures. Contests will be held and the best pictures taken will be enlarged. The member having the greatest number of enlarged pictures at the end of the year will have presented to him a Sargasso.

An interesting light on the subject is the fact that photography happens to be Mr. Dennis' hobby. He is keenly interested in the club and at the meetings throughout the year he will give his personal experiences in the art of picture-taking while on his walking tours through Europe.

A well known photographer from Richmond will lecture at the meetings. He will have as his theme, "Posing and Exposing."

This should be an extremely worth while activity for any one who is at all interested in taking good pictures.

HOMECOMING

It's Homecoming! Today is the day for old students and new students, for graduates and hope-to-be graduates. There is an unmistakable thrill for the alumnus who comes back once more to look around the campus of his Alma Mater—to meet old friends and to talk over old times.

There is nothing like it. We who are still in school have begun to realize what a really wonderful experience college is and how completely we enjoy living as college students. It is the memories of these happy days which bring Earlhamites from all parts of the country back again.

Homecoming is all that the name signifies—and more. Those men and women who are coming today hold Earlham dear to their hearts as the true home of some of the most joyful experiences they have ever known.

Not only do they remember with this feeling of kinship the close ties which bind them here, but more and more they realize the noble background for knowledge, for character—foundation, for the building of ideals which is associated with Earlham College. Pleasures—yes, of course. Those good times are always outstanding, yet the reverence and affection which always accompany past associations with college years spring from a deeper source. This feeling is the keynote of a rich and full experience in spiritual, mental, social understanding—all connected and impossible to separate.

As for those of us who are now in the process of being Earlhamized, we are sometimes apt to discredit this college life of ours, and to underestimate its worth. Only the fruitful gains and the happy memories which remain for us to realize in future years can explain the tradition which makes Earlham so dear to everyone who knows it intimately. We are coming closer to that realization every day, and Earlham's Homecoming is an important event for all of us—the day of days for the expression of our love and affection for Earlham College.

NEW LIBRARY ADDED TO OURS

In 1768 a "Society of Gentlemen in Scotland" issued the first section of an encyclopedia in which they attempted to give a general survey of all important knowledge in a readily accessible form. We are accustomed to this type of work now, but at that time, when the organization of the material as well as the writing were done largely by

one of two persons, the task was herculean. An author must have been one of those much talked of beings "a walking encyclopedia." However, the Encyclopedia Britannica, whose birth was on this occasion, was not our "E. B." It consisted of only three volumes. Among other matters omitted as beneath its notice were the whole fields of history and biography.

This autumn, more than one hundred and sixty years later, the fourteenth edition of this famous work has been issued, and can be seen on the shelves of the Earlham library.

You will find this latest exponent of the original attempt of the Scottish gentlemen very different from the friend in need to whose presence on our shelves we have been accustomed. The articles are shorter, and every attempt has been made to adapt the language to the needs of the layman. At the same time the traditional dignity and scholarship are, it is hoped, still present. You will find one striking difference at first glance. Our new E. B. is profusely illustrated, both by plates and by small illustrations in the text, with pictures which explain more than pages of text could ever explain. Look at some of the beautiful colored plates of flowers, or fish, or stained glass.

Another point not to be overlooked is the up-to-dateness of the work. We find articles on abnormal psychology, on aerodomes, on agricultural credit, and many others; and the authors of the articles are men and women who are doing things now—Henry Ford, Charles Evans Hughes, John Dewey, Albert Einstein, General Pershing.

These twenty-four volumes are indeed a library in themselves.

RECOGNITION SERVICES ARE HELD BY Y. W.

Freshman Women and New Members Are Taken Into Association

IMPRESSIVE SERVICES

The Y. W. C. A. Recognition service which was held October 10, at 7:00 P. M., in Goddard Auditorium was impressively carried out with a candle light service. A large group of girls, between seventy and eighty, new students in other classes as well as Freshman girls, were taken in as members of Earlham Y. W. C. A.

The cabinet members with their candles lighted came into the silent, candle-lighted room and formed a triangle on the stage. After they sang a song followed by a solo by Nell Sielken, the new members had their candles lighted by the cabinet members.

Ann Coppock, president of Y. W. C. A. read a short, impressive French legend, giving a fuller understanding of the aims of Y. W. and a deeper significance to the candle-light service. Following this she gave the Y. W. C. A. pledge. The service was concluded with a short prayer, and the Y. W. Song, "Follow The Gleam" sung by the entire group. The girls each received a white rose as they left the room.

FORUM

In a recent chapel address Earlham students were urged to choose some field of service outside of their life vocation in which they could spend part of their time in bettering world conditions. Many who heard this suggestion immediately dismissed the idea as being either impractical or too far in the distance to seriously consider. They were mistaken. Opportunities for doing good on our own campus or in the community are numerous.

It was pointed out in this column last week that there are many positions in the various college organizations where leaders are sorely needed. There are ample opportunities for those who desire to better acquaint

themselves with world problems and their probable solutions. Right at home we can begin "our service to mankind."

Some Earlhamites are already doing Hi-Y work, others are teaching in the Week Day Bible Schools or in the regular Sunday Schools, while still others are helping in the Boy Scout and Camp Fire Girl movements. Not only are they helping others but they are getting practical experience in working with people.

Let us all stop a minutes and decide for ourselves whether we intend to help better college, city, state, national, and world conditions. We must also decide what our part in the work will be.

"I wish we'd have them oftener."

Such and similar remarks were made after the Faculty Recital last Tuesday evening. There is no doubt that it was sincerely appreciated—that it gave to what we so often hunger for. Please, please do it again.

ALUMNI

The following Earlhamites were seen at the Earlham-DePauw game Saturday: Lucile Johnson, '27, Pauline Conaway, Bruce Siler, and Louis Thomas, all of '29, Betty Dodd, ex-'30, Ruthanna Johnson, ex-'31, Marjorie Hall and Louise Patten, both ex-'32, Wella Balt, ex-'28.

Betty Harold, '28, is assisting the Dean of Women at Westtown School, Penna., and teaching Bible.

Cassius Rees, '99, of Whittier, Cal., was in Indianapolis last week on business and ran over to Richmond on Saturday afternoon to see the Rose Poly game at Earlham. Mr. Rees is in the investment and insurance business in Whittier. This was the first time he has been on the Earlham Campus since he graduated 30 years ago.

Constance Milton, ex-'32, is a student at Virginia Intermont College, Bristol, Va.

Ruth Tompkins, ex-'30, is a Junior at Columbia University, New York.

Flora Wheeler, ex-'30, is a Senior at Wesley Kindergarten School, Cambridge, Mass.

John Furnas, '28, is working for the National Cash Register Co., in Philadelphia.

Horace Doane, '28, has purchased a blueberry farm in the South.

Lucile Hester, ex-'30, is a Senior at Penn College, Oskaloosa, Iowa.

Ethel Bedford, ex-'31, is a student at Penn College, Oskaloosa.

Mary Lowes, '29, is taking a library course at Columbia University, New York.

Mary Burris, and Edna Manford, both ex-'31, are attending Business College in Richmond.

Glenn Smith, Robert Pierce, Ed Partington, and James Ronald, all of '29, Jeanette Fox, ex-'29, and Mary Ruth Brown, ex-'30, were seen on the campus over the week end.

Charles A. Small, '02, is professor of Citizenship at Long Beach Junior College, Calif.

Ward Bedford, '27, is professor of Music at Penn College, Oskaloosa, Iowa.

Lois Hiestand, ex-'29, is teaching in Pennville, Ind.

Miriam Edmundson, ex-'31, is attending business college at Allentown, Penna.

Florence Glasgow, '29, is teaching at Fair Oaks, Ind.

Josephine Bartel, ex-'29, is teaching in the high school in New Paris, Ohio.

Eleanor Lutz, ex-'31 is a Junior at the University of Wisconsin.

Robert Martin, '29, is working in Indianapolis.

Margaret Livingstone, '29, is working in Dayton.

Earl Edmundson, '28, is with the National Cash Register Co., in Dayton.

Beryl Scully, '29 is studying medicine at Cornell.

Ivan Druley, '29, is traveling through the East for the Hayes Track Appliance Co.

Russell Baskett, '29, is studying medicine at the University of Indiana.

Fred Roeder, ex-'31, is working at his home in Carmel, Indiana.

Mary Jarvis, '29, is with an encyclopedia company in Philadelphia.

Mr. and Mrs. J. W. Markle, of Andrews, Ind., are the parents of a baby daughter, Gertrude Jean, born September 14. Mrs. Markle will be remembered as Miss Gertrude Cline, ex-'27.

William D. Webb, '29, arrived in Beirut, Sept. 17, where he assumed his duties as instructor in English in the American University. He will remain there for a period of three years.

Janice Smith, '29, is a high school teacher in New Paris, Ohio.

Vinnie Joslin, '29, is teaching English and History in the High School at Centerville.

Martha Boren, '29, has a position in the High School at Fort Branch, Indiana.

Virginia Darroch, '29, and Cleo

Thornburg, '29, are assisting in Biology and doing graduate study at Mills College, California.

Helen Heitbrink, '29, is teaching Home Economics and English at Greensfork, Ind.

Esther Burk and Hugh Wallace, both of '26, were married at Mooresville, Ind., Sept. 11.

Ruth Bennett, '29, has a high school position in Russiaville, Ind.

Alice Thomas, '29, has a teaching position at Smithville, Ohio.

Eleanor Wissler, '29, and Aaron Lindley, '25, were married last summer. They are both teaching in a high school at Everton, Ind.

Mabel Stidham, '29, has a high school position in Lewisburg, Ohio.

Thelma Shellenberger, '29, is teaching at Phillipsburg, Ohio.

Born to Mr. and Mrs. Paul M. Cradler a daughter, Ruth Marie, on Oct. 6. Mrs. Cradler will be remembered as Loreta Rush, '17, and she makes her home in Pacific Grove, California.

ALUMNUS TALKS OF RELIGION SCIENCE DUEL

Dr. Clarence M. Case, Professor of Social Sciences, at the University of Southern California gave an interesting impromptu address before the student body at Chapel hour, Friday, the theme of his speech being the false conflict between religion and science.

Dr. Case is an alumnus of Earlham College, having done graduate work at Brown University and received his doctor's degree from Wisconsin University.

MAGIC

What beauty in a rainy night!
The puddles that from window-light
Grow golden in their onyx bed
Of road macadam charm the sight;
And golden snakes are street-lamp
fed
That glide along the blackened
streets,
And leading through night's density
Are paths of gold in ebony,
A symphony in black and gold!
Didst dream a rainy night could hold
Such harmony?

RUTH B. STEPHEN

MOOD

Oh, leaves are dancing in my heart!
With gold and bronze they shine,
With red of fire they burn and dart
To kindle each new thought of mine.
Oh, leaves that dance upon the hill,
You are not half so wild and free;
You pile and huddle till you fill
Some sheltered corner. Ecstasy
Untamed, mad, joy ungirt!—
My flaming leaves of happiness are
brave.
They wrestle with the heaven winds,
storm girt,
Until they pass in one great sweep-
ing wave.

RUTH B. STEPHEN

HITHER AND YON

Dr. William Cullen Dennis, new president of Earlham College, was the commencement speaker at Ohio University last summer.

Butler University's 1929 football schedule is receiving novel publicity this year. It is used on the university's correspondence envelopes.

A large block B. is underneath the letterhead and the schedule is inserted into the loops of the letter.

The Indiana Law School, which is affiliated with Butler University, has an increase of twenty-five percent in its enrollment this year.

A lecture course of five entertainments is to be given this year in Kalamazoo, Michigan, under the joint auspices of Western State Teachers' College and the Kalamazoo Teachers' Club.

The course opens November 18 with the presentation of "The Chastening" by the Kennedy-Matheson-Gage Players. The play was written by Charles Rann Kennedy, one of the cast, and an eminent playwright and actor.

This will be followed by a lecture by Bertrand Russell, philosopher; another by William Beebe, scientist and writer; another by Lowell Thomas, author, lecturer and explorer; and an evening's entertainment by the celebrated English actor, Frank Spaight.

Plans are being made for the erection of a new \$450,000 Teachers' Training Building at Ohio State University. The plans are being drawn up by the University Architect and the College of Education.

The structure will be built on old Ohio Field, and may be called "The

Ohio State University High School." It will contain a complete junior and senior high school.

Kappa Tau Alpha, national journalistic fraternity was installed on the Butler University campus Friday, Oct. 11. Five faculty, three alumni, and sixteen charter members are included in the fraternity chapter.

Westtown has added nine people to her faculty and teaching staff this year. One interesting addition is that of John Kay who comes from England. He is a graduate of the University of Manchester, England, and is teaching Scripture, French, and History at Westtown.

Whittier College has been made the recipient of a gift which promises to be of especial value to biology students. The gift consists of a large collection of ferns collected in England about 1850, all carefully catalogued and classified.

The gift was made by Mrs. William P. Buffman, of Philadelphia, Pa.

W. B. Smith, a freshman at Haverford College, assures his fellow students that Cairo, from whence he has come to Haverford, is a modern, not an antiquated oriental city. He describes it as not bizarre and exotic, but a modern cosmopolitan center.

Smith, whose father is secretary of the Y. M. C. A. at Cairo, has lived in Egypt for the past five years. He previously lived in India.

INKLINGS

And once more the day has rolled around when the dear departed return to wax enthusiastic over their Alma Mater. "From far and near they come to worship at memory's shrine"—and all that.

"Say Si, d'ya remember the time old Henry took that ball down the field?"

"Yeah, and the time we painted initials all over the barns?"

"How about that night up in 'Macedonia' after we'd backed all the pies?"

And in another corner we hear: "Did you know So-and-So married what-his-name? Yes, and they have five children."

"What ever became of Liz Whosit?"

"Oh, she _____ and they do say _____"

"Yes, and her husband my dear _____!"

"But, really, I don't believe that, do you?"

"She has! She was such a pretty girl too. Weighs two hundred, you say?"

And doesn't this sound familiar? "So you're old Abe's son! Well, well, Abe and I used to sleep together in History class. Yes, indeed; good scout, Abe".

"You say you're the daughter of Jenny Whatsit? For heaven's sake—yes, you do favor her. My, my, how many hours we spent together."

And did you ever notice the ones who seem the most superior? It's the alum who graduated the most recently. Really the feeling of importance displayed by the class of 1900 doesn't hold a candle to that displayed by the class of 1929. Such is the widening vision of maturity!

We have just heard a sad, sad story. One of our alumni who lives on a farm near here, received this letter from his son, who is managing the farm while father attends Homecoming at old E. C.: "Everything all right except the new mule seems to be pining for a companion. What shall I do till you return?"

Alumnus, relating narrow escape from drowning to his one-time roommate: As I went down the third time all the past events of my life flashed before me."

The roommate: "Is that so? Well, did you see yourself borrowing that five dollars you've owed me for the last fifteen years?"

Just to show our returned students what our freshmen are like this year, we offer the following gems gleaned from the verdant ones:

The axis of the earth is the imaginary line on which the earth takes its daily routine.

The earth makes a resolution once every twenty-four hours.

The passive verb is used when the subject is the sufferer. Example—I am loved.

An editor of a college paper aroused the ire of the administration by stating in an editorial that "half of the faculty are fools." In the next issue he carried a handsome apology that read, "Half of the faculty are

Goddard Auditorium

FACULTY MEMBERS PRESENT SPLENDID MUSICAL PROGRAM

One of the outstanding events of the fall season was the faculty recital presented October 8, in the Auditorium. A large and appreciative audience heard the faculty musicians.

Mr. Gilly, as usual, pleased the audience with his fine organ program. Mr. Gilley's numbers are always distinctly individual and call forth enthusiastic response from the audience.

Much interest was felt in Miss Bachmann, who made her first public appearance at Earlham as a pianist. She proved herself the master of a remarkable technique and an intelligent interpreter of the composers whose works she played.

As always, Mr. Lehman sang with his fine artistry which gives so much pleasure to Richmond people as well as Earlhamites. Perhaps the most outstanding number on the program was Mr. Lehman's rendition of "Guns" by O'Hara, an intensely dramatic number which was forcefully sung.

Unfortunately, Mr. Hicks, who was to have given several violin numbers, injured his hand and was unable to play. Mr. Gilley, however, substituted for Mr. Hicks with three organ selections.

The recital was a great success, and Earlham will look forward to another one.

AUTUMN

When the trees are bronze and the mountains blue,

And the days are haunting and fragrant, too;

We will slip away and we'll wander far,

And we'll both make a wish on the first bright star.

We will sit by the roadside and hear the fire

As it crackles and sputters — the sparks mount higher,

As we gaze at the flames, we'll not turn away,

Tho' we know they will die—Beauty lasts but a day!

MARGARET KEMPER

MILLIKAN TO BE

(Continued from Page 1)

Mary Morton from Okmulgee, Oklahoma, who will hold one of the most important positions, is well qualified since she has already taken an active part in the social life of the campus. In high school she sang in the girls glee club, took an active part in dramatics and proved her skill in tennis.

With this splendid group of officers around which to center their activities, the Freshman class should play an unusually important part in the life of the campus.

FRANKLIN IS

(Continued from Page 1)

is looking forward to the contest and is setting a strong pace for his squad this week as he would like to even up the 7-0 defeat that was handed to him by the "Fightin' Quakers" last season. The Baptists, without a doubt will be drilled against the strong aerial attack of the home team, as a group of the Franklin representatives were on hand at the Earlham-DePauw game to see Johnson and T. Felix star in that section of football.

The visitors boast of ten letter men in their lineup. Such an experienced team should give any opponent a chase for the laurels and the Maroon and White Coach fully realizes the danger in such a combination. Surface, plunging fullback for the Baptists, is the sensation of the season. But with such men as L. Felix, Johnson and Hepworth on the line of scrimmage for Earlham, the opposing fullback will have to display unusual ability in getting through the Quaker's line. Many eyes will be turned on the punting of T. Felix as he has

been getting off beautiful kicks in the last two games, out-kicking his opponent by many yards. Young, veteran back, will also probably be in the lineup for the home team.

Due to the equality of the two teams, the Homecoming Game promises to be the outstanding and most interesting game of the year, and the Earlham representatives, smarting under the bitter defeat handed to them by the DePauw Tigers, are determined to make it even more so.

ROSSMEN TAKEN

(Continued from Page 1)

the remainder of the season.

DePauw showed powerful strength when Melbourne took the ball on the first play of the game, followed perfect interference through amazed Quakers for 60 yards and the first touchdown. This score after but a few seconds of play nearly took the heart out of the Earlham eleven. They were unsteady and a few plays later Cassidy received a forward pass which he carried 40 yards for the second DePauw counter of the game. The Quakers became determined and strengthened enough to hold the Tigers for the remainder of the period.

At the start of the second period the Rossmen showed a real brand of football. After working the ball down the field, T. Felix found Captain Johnson good for a completed short pass over the line, who followed perfect interference 43 yards for a touchdown. While the Quakers were still dreaming of the score, Crawley received Reynold's kickoff, and catching Earlham off their feet, ran 85 yards for the Methodist's third touchdown of the game. The remaining minutes of the second quarter were uneventful, the teams being on even terms.

In the third quarter the Fightin' Quakers proved they could really hold the Black and Gold scoreless. With the exception of several passes and gains, the two teams battled on even terms for the entire period. Tracy Evans, Maroon center, received a terrific blow on the head, and had to be helped to the sidelines.

The tired Quaker eleven could not withstand the onslaught of a fresh Depauw backfield and Hogan ended a drive down the field with a plunge for the Methodist final touchdown.

But Earlham retaliated when another pass, T. Felix to Johnson, proved good for 22 yards and another Maroon counter. Tom Felix made the kick good.

Although the entire Earlham team had a mental lapse at times, L. Felix played his usual outstanding game in the line, being in the center of nearly every play. "Boz" Reynolds exhibited his steady defense while T. Felix and Johnson carry honors for offense, completing several passes and gaining on broken field running. Tom Felix had one of his best days of the season for punting, averaging 55 to 60 yards with his perfect spirals. The entire Depauw backing praised his skill.

The noted English playwright, Ian Hay, arrived in the United States a few weeks ago to attend the American premiere in Washington, D. C., on October 7, of his latest play, "The Middle Watch". John Daly's review in the Washington Post reports that the play was very favorably received in the capital city. Since the story, a farce comedy, concerns the British
